THE OLDER AMERICANS ACT (OAA) has been the primary piece of federal legislation supporting social and nutrition services to Americans age 60 and older since 1965. OAA programs are vital for seniors who are at significant risk of hunger, isolation and losing their ability to live independently. Title III of the OAA establishes a grant system to fund programs that address the unique needs of vulnerable seniors.

A PROVEN PUBLIC-PRIVATE PARTNERSHIP

THE OAA covers 37% of the total cost to provide nutritious meals, safety checks and friendly visits to more than 2.4 MILLION SENIORS. Programs rely on contributions from state, local, private donations and other resources to cover the rest.

FEDERAL APPROPRIATIONS

Funding for OAA programs is provided through the Department of Labor, Health and Human Services, Education, and Related Agencies (Labor-HHS-Education) annual appropriations bill, and dollars are allocated to states based on a formula. The Meals on Wheels network is serving 21 million fewer meals to seniors in need than a decade ago, due to declining federal and state grants, stagnant private funding, and rising food and transportation costs.

Meals on Wheels America is the oldest and largest national organization supporting the more than 5,000 community-based senior nutrition programs across the country that are dedicated to addressing senior isolation and hunger. This network exists in virtually every community in America and, along with more than two million volunteers, delivers the nutritious meals, friendly visits and safety checks that enable America’s seniors to live nourished lives with independence and dignity. By providing funding, leadership, research, education and advocacy support, Meals on Wheels America empowers its local member programs to strengthen their communities, one senior at a time.
