

CORPORATE AMERICA, LET'S DO LUNCH™

We invite you and your employees to join the Meals on Wheels “America, Let’s Do Lunch” volunteer recruitment campaign by donating your lunch break to deliver meals and smiles to homebound seniors in your community.

Participating in this campaign is a great opportunity to leverage a national initiative, align with an important cause and engage your employees to make an impact where they live and work.

CREATE CUSTOM VOLUNTEER OPPORTUNITIES

“Doing lunch” with Meals on Wheels can be customized to meet your company’s needs. Through our network of thousands of local Meals on Wheels programs, we can organize volunteer events in communities across the country, where your clients and customers will take notice.

OPPORTUNITIES INCLUDE:

- **DAY OF SERVICE** - Hold a day of service focused on delivering meals or serving at a senior center locally, in multiple cities or even nationally.
- **ADOPT A ROUTE** - Create a dedicated, personal experience for your employees by adopting a delivery route that can be shared across the company.
- **MAKE MEALS** - Host a meal packaging event at your company to organize meals for local seniors.

Pending the size and scope of engagement, a minimal financial commitment may be required.
