	HEALTH CARE UTILIZATION AND COSTS
	HEALTH AND DISABILITY <ul style="list-style-type: none"> Seniors with a disability: 30.2% Seniors reporting “fair” to “poor” health: 25.2% Medicare participants age 65+ with multiple (3+) chronic conditions: 64.0%
	FALLS AND HEALTH CARE UTILIZATION <ul style="list-style-type: none"> Seniors experiencing fall with injury/year: 10.4% Hospital readmissions within 30 days among Medicare participants age 65+: 15.0% Preventable hospitalizations among Medicare participants age 65+: 2.5%
	HEALTH CARE COSTS <ul style="list-style-type: none"> Total Medicare spending: \$11,611,543,435 Medicaid spending for nursing facilities: \$2,080,037,213 Managed Care Medicaid spending: \$N/A Medicare beneficiaries who are dually eligible for Medicaid: 374,838 (17%) Cost of 1 day in a hospital: \$2,573 Cost of 1 day in a nursing home: \$246

* Includes any race.

** Marginally food insecure includes seniors who are food insecure or very low food secure, and seniors who are food insecure includes those who are very low food secure.

MEALS ON WHEELS AMERICA FEDERAL ADVOCACY PRIORITIES

1. Increase funding and support for senior nutrition programs. Reauthorize and provide sufficient funding for the Older Americans Act (OAA), protect other federal funding sources for Meals on Wheels programs, and improve charitable giving and volunteer tax incentives to generate more resources and capacity for community-based organizations.
2. Strengthen and secure nutrition access for older adults. Maintain important federal funding flexibility and delivery, modernize OAA policies to support senior nutrition programs and innovation, and address senior hunger and malnutrition in the reauthorization of the Farm Bill.
3. Advance Food as Medicine interventions. Include home-delivered meal benefits in Medicare, Medicare Advantage and Medicaid and medically tailored meal initiatives with community-based senior nutrition programs.

* Based on Administration for Community Living (ACL) OAA program data for fiscal year 2021. The national data are ACL estimates based on statistical modeling techniques to adjust for data anomalies during the pandemic. State-level program report (SPR) data are also estimates and 2021 data should be used with caution due to data collection challenges and reporting differences as a result of the pandemic.

** OAA defines older adults as age 60 and older. Title III services not limited to meals. OAA service are available to age 60 and older and sometimes caregivers. Includes Title III registered services not limited to meals and includes OAA specified eligible meal participants under the age of 60. Percentages are based on OAA clients with race data known and excludes clients with no data.

*** Includes any race. Percentage is based on clients with ethnicity known and excludes clients with no data.
