NRCNA Project History

• **Primary goal of the NRCNA is:**
  • To develop future-readiness of the nutrition and aging services field

• **NRCNA is designed to:**
  • Strengthen the capacity of the aging services network to provide nutrition services for both current and future older adult populations;
  • Integrate the aging network into the home- and community-based service system, and
  • Provide training and technical assistance to the aging network regarding nutrition services.
